

Mahomet Meet-Ups

For the week of July 12, 2020

QUICK REVIEW

Watch Pastor Lori's sermon from Sunday and take a look at any notes you took. Was there a particular point in the sermon that made you think? Was there something in the passage from John 4:27-42 that made you think differently about your life today or something in it?

GETTING TO KNOW ME

1. Where do you go to build community? Where are places in Mahomet where people go to build community?

INTO THE BIBLE

1. Take a moment to clear your mind, then read John 4:27-42, pause, then read it out loud, then sit quietly a bit longer and listen. What did you hear? Could you feel the tug of the rope as you pulled the jug of water up from the well? Image the taste of cool water on a hot day.
2. What refreshes you? What about Jesus brings excitement in your life?
3. Imagine having a conversation with Jesus at the well. What is the topic of discussion? Did you bring up the style of worship that we have now? Online worship or worship in person with masks on and minimum voices is not the usual way for us to worship. Have a discussion with Jesus about what is important to nourish our souls.

CONNECTIONS

1. How does Doug's story bring about refreshment to people? How does it build community? Where are you spending time building community? When have you found yourself sharing Christ with others?
2. Review the three keys to community building conversations. Is there one that you want to work on this week? What would be steps that you need to take?
3. Where can you tell your story?
